

# Greenmount Cemetery

HISTORICAL RECORD OF INTERMENT

The Greenmount Cemetery was established in the late 1800s and located along 7<sup>th</sup> Street in Frederick, Maryland. The cemetery was one of three graveyards where people of color in Frederick could be buried.

Frederick City Hospital was established in 1902. Both the hospital and the cemetery grew, but the owners of Greenmount Cemetery had extra land they did not need. In 1913 they sold roughly one half of Greenmount's land parcel to the hospital. The ground was not being used and the hospital was looking to expand.

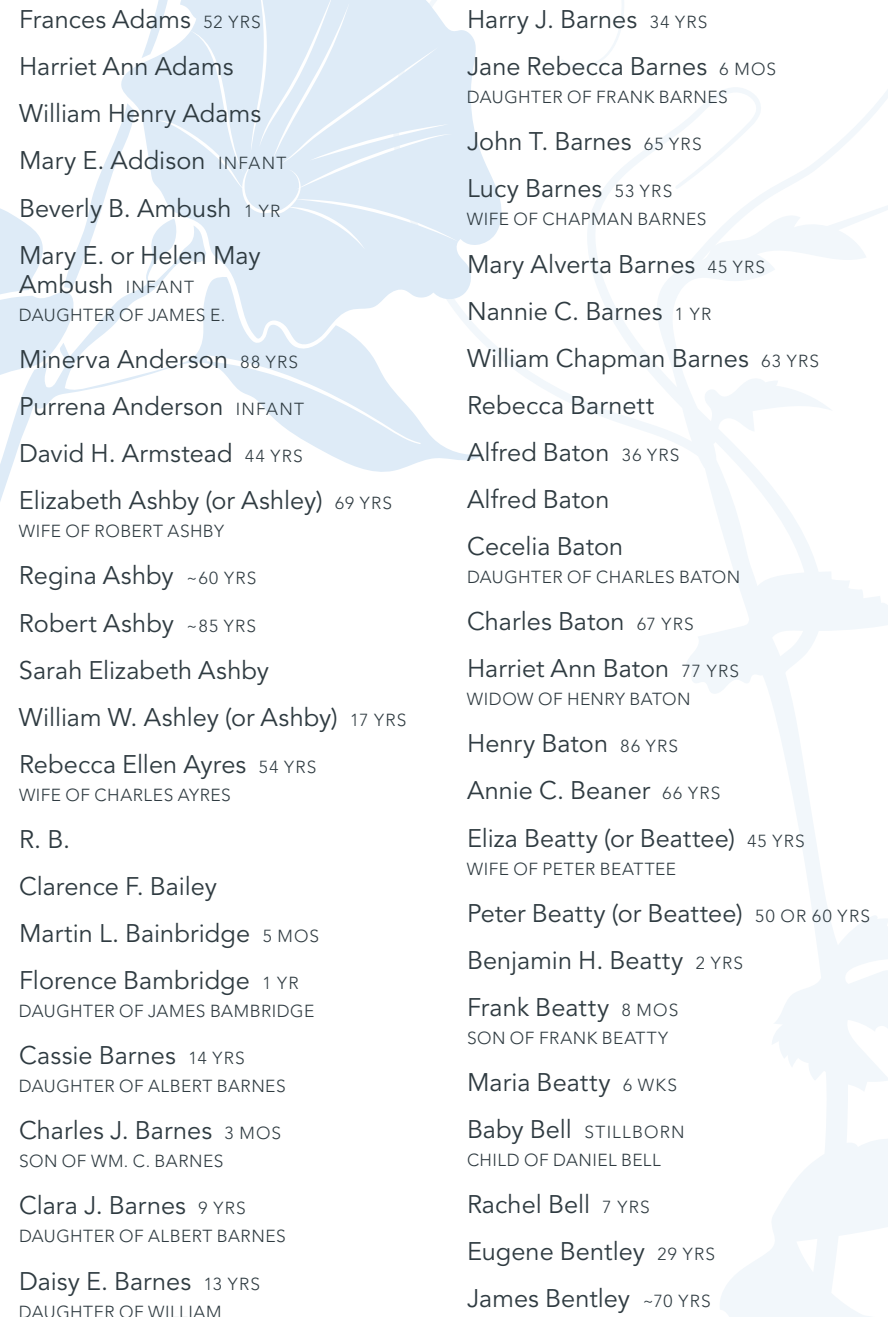

Greenmount was the site for the reinterment of many who were buried at Old Hill Cemetery, and eventually the cemetery grew to hold almost 1,000 graves. Meanwhile during the early 1900s, the hospital continued to grow.

It is not known if the owners of Greenmount approached Frederick City Hospital or if the hospital approached them, but in 1920 Greenmount Cemetery was sold to Frederick City Hospital. In the mid 1920s, hundreds of graves were relocated to Fairview Cemetery. On more than one occasion during construction projects in the 21<sup>st</sup> century, human remains, headstones, and other artifacts were found near the site of Greenmount Cemetery, and those remains were relocated to Fairview Cemetery.

The AARCH Society and Frederick Memorial Hospital (now Frederick Health Hospital) worked together in 2017 to create a memorial garden on the site of the original Greenmount Cemetery. The purpose of this garden is to memorialize the men and women who were laid to rest here. It is a sacred spot for honoring those who came before us.

The garden was officially dedicated on May 19, 2018. A monument to these individuals will be dedicated at Fairview Cemetery on October 25, 2022.

## Souls Interred at Greenmount Cemetery

**The souls resting at this site will never realize the progress we have made, nor the importance they played in our advancement. With our promise to work toward a kind and loving community for all, we give honor and thanks to those who have gone before us.**

Our thanks to David H. Wallace for his tireless research to identify the names and family relations of those who were laid to rest at Greenmount Cemetery. Thank you also to Chris Hough for his research of the history of Greenmount Cemetery. AARCH and Frederick Health would like to acknowledge the dedication and perseverance of the late Mr. David Key. His collaboration and partnership were vital to ensuring that the stories of those that came before us are told and celebrated. He is greatly missed, but this monument also stands in his honor and memory.

And finally, thank you to the AARCH Society for their preservation efforts to ensure that all of the souls who were interred here shall be properly remembered and honored.
