

After Hours Urine Drug Screen and Breath Alcohol Collection

Purpose

Frederick Health Employer's Solutions will provide a Certified Professional Collector and Breath Alcohol Technician for Urine Drug Screen (UDS) and Breath Alcohol collection. This service is available following an accident or if an employee is found to need reasonable cause testing outside of FHES' normal hours of operation, which are Monday – Friday (7:00am – 5:00pm).

Location

FHES will perform these services after hours:

1. If the employee is admitted to the emergency room or hospital, FHES will go to that emergency room or hospital as long as it is within a 30-mile radius of one of our facilities.
2. If the employee is at the employer's location and a company representative (supervisor, etc.) is also at the location.
3. At a designated after-hours collection site within the FHES service area.

Method

FHES provides an after-hours answering service for clients to call to request a collection. The answering service will notify our on-call staff with information such as company name, contact name, employee location, employee name, and contact phone number for verification. Our assigned collector will call the company contact and verify the collection location and confirm our expected time of arrival.

Collection Fee

A premium service charge of \$231.00 plus UDS on-site and/or Breath Alcohol on-site collection fee, as applicable:

DOT 5-panel (Includes MRO & Confirmation)	\$55.00
Non-DOT 5-panel (Includes MRO)	\$55.00
UDS Collections Only (Employer <u>must</u> provide supplies)	\$31.00
Breath Alcohol Testing-Evidentiary	\$42.00
Breath Alcohol Testing-Confirmation	\$42.00
Blood Alcohol Confirmation (Non-DOT Only)	\$42.00

Answering Service Number: 1-800-480-8717
